Education Grant Funding

1. Facilitating the adoption of intelligent assistive technology by older adults through the development of high-fidelity simulation experiences for nursing education: Supporting technological and digital inclusion for older adults now and into the future

Term (start date) 2017-2018	
Principal Investigator	Booth, R. & Strudwick, G.
Co-Investigators	Sinclair, B., McMurray, J., Forchuk, C. , Donelle, L., McGrath, C.

Term (start date) 2017-2018	
Grantor	eCampusOntario Digital Inclusion (small project) grant
Purpose	To design a room as a homecare environment of the future with various forms of smart-tech and to generate nursing education simulations to help educate students to the future human-technical relationship that these forms of smart/intelligent technology will cause.
Total Amount	\$19,996.15

2. Establishing Therapeutic Relationships: An On-Line Education Model

Term (start date) 2004-2005	
Principal Investigator	Bethune-Davies, P.
Co-Investigators	Elliott, J., Forchuk, C. , Harvey, L., Patterson, P.
Grantor	Registered Nurses' Association of Ontario (RNAO)
Purpose	To design a self-directed learning module that will help second year nursing students to critically think about their use of best practice guidelines regarding the therapeutic relationship.
Total Amount	\$10,000

Research Funding

1. Human-Centred Digital Innovation for Ethical and Trusted Data Governance

Term (start date) March 2023 – March 2025	
Principal Investigators	Xianbin Wang
Co-Investigators	Burkell, J., Miller, A., Forchuk, C.
Grantor	New Frontiers in Research Fund
Purpose	
Total Amount	\$ 250,000

2. Education, Peer Support, and Community Partnership to Support Harm Reduction Strategies in Hospitals

Term (start date) April 2022 – September 2023	
Principal Investigators	Forchuk, C., & Silverman, M.
Co-Investigators	Dickey, C., Dhaliwal, A., Hill, D., Younger, J., Anderson, K., Atkin, M., Csernik, R., Stranges, S., Elton-Marshall, T., Rudnick, A., Burke, S., Scott, L., & McHugh, T.
Grantor	Health Canada
Purpose	The proposed project involves the creation of education activities which include reviewing existing education modules on methamphetamine use for health care providers, development and delivery of tailored education modules and communiques for health care providers on methamphetamine use, and deployment of a Nurse Educator and a Lived Experience Educator(s) at St. Joseph's Health Care and London Health Sciences Centre. The educational activities will be designed to reduce stigma and discrimination of people with lived experience, address practices and beliefs that create safety issues, and better support people with lived experience through the creation of a safer and more welcoming hospital environment.
Total Amount	\$ 436,608

3. Canadian Research Initiative on Substance Misuse (CRISM) Phase II: Ontario Node

Term (start date) To Be Posted	
Principal Investigator	Gaetz, Stephen
Co-Principal Investigator	
Co-Investigators	Latimer, E., Hwang, S., Aubry, T., Kidd, S., Stewart, S., Pauly, B.,

Term (start date) To Be Posted	
	Forchuk, C.,
Grantor	Social Sciences and Humanities Research Council of Canada
Purpose	Responding to homelessness incorporates three areas of focus. The first is preventing homelessness from occurring in the first place. The second is offering emergency supports once an individual becomes homeless. The third is providing supports (e.g. housing) to permanently exit homelessness and obtain stable housing
Total Amount	\$ 2,499,457

5. Emerging COVID-19 Research Gaps & Priorities

Term (start date) January 1, 2022 – December 31, 2023	
Principal Investigator	Elliott, J.
Co-Principal Investigator	Forchuk, C.
Co-Investigators	Stolee, P., Whate, A., Tong, C., Hiebert, B., Sacco, V., & Bondy, J.
Grantor	CIHR Operating Grant
Purpose	When Crisis meets opportunity: Responding to COVID- 19 with integrative health and sheltering models for persons experiencing homelessness
Total Amount	\$ 182,373

6. Methamphetamine Use And Homelessness

Term (start date) January 1, 2022 – December 31, 2022	
Principal Investigator	Professor Carrie Anne Marshall
Co-Investigators	Oudshoorn, A., Forchuk, C., Wathen, N.,
Grantor	CIHR Project Grant
Purpose	Methamphetamine Use and Homelessness: A mixed methods qualitative approach to exploring lived experience, service provider and landlord experiences and perspectives.
Total Amount	\$100,000

7. Peer Support to Community (P2C) Model for Supporting Individuals Following Homelessness: Developing and Piloting a Novel Approach

Term (start date) January 1, 2022 – December 31, 2026	
Principal Investigator	Professor Carrie Anne Marshall
Co-Investigators	Oudshoorn, A., Forchuk, C. , Laliberte, R., Wathen, N.,
Grantor	CIHR Project Grant
Purpose	Peer Support to Community (P2C) Model for Supporting Individuals Following Homelessness: Developing and Piloting a Novel Approach
Total Amount	\$730,576

8. Methamphetamine Use Among Homeless Persons: Exploring A Complex Relationship

Term (start date) January 1, 2021 – December 31, 2021	
Principal Investigator	Professor Carrie Anne Marshall
Co-Investigators	Oudshoorn, A., Sukhera, J.I., Wathen, C.N., Collins, S., Greening, T., Forchuk, C.
Grantor	Western Strategic Support for Tri-Council Success
Purpose	Existing research has identified a significant rise in the use of methamphetamine among persons experiencing homelessness in recent years. To build on a growing body of literature in this area, this study aims to explore the psychosocial well-being of individuals who use methamphetamine and experience homelessness, their housing trajectories, and service experiences and provision.
Total Amount	\$25,000

9. Enhanced Surveillance for Chronic Disease Program (ESCDP) Homelessness Counts

Term (start date) 2020 - 2024	
Principal Investigator	Forchuk, C. & Booth, R.
Co-Investigators	Shariff, S., Lizotte, D., Rayner, J., Hwang, S., Gaetz, S., Mackie, C., Cooper, C.
Grantor	Public Health Agency of Canada

Term (start date) 2020 - 2024

12. Integrating Harm Reduction Strategies into Hospital Setting for People Who Use Methamphetamine

Term (start date) 2020-2024	
Principal Investigator	Forchuk C. & Silverman, M.
Co-Investigators	Dickey, C., Dhaliwal, A., Chantler, B., Mackie, C., Hill, D., Johnsrude, I., Sukhera, J., Younger, J., Anderson, K., Atkin, M., Meyer, M., Rajakumar,

Term (start date) 2020-2024	
	R., Woods, P., Brittan, R., Csernik, R., Stranges, S., Dhinsa, S., Sarma, S., Elton-Marshall, T., Kernaghan, G., Isaranuwachai, W., & Rudnick, A.
Grantor	Health Canada
Purpose	The study aims to identify and implement a harm reduction intervention in hospital. The intervention will be tailored to stakeholders' suggestions about potential solutions for reducing the burden of methamphetamine use in the general community, but specifically the inpatient population. The first phase will create and test an algorithm that could be used to identify people who use methamphetamine and look at secular trends, costs of care, and complications in administrative databases and the Institute for Clinical and Evaluative Sciences (ICES). Building on the first phase, the study will implement and evaluate all participants' suggestions for tailored harm reduction strategies.
Total Amount	\$576,830 (with \$112,251 in-kind)

13. Process and Outcome Evaluation of the Community Homes for Opportunity (Phase II)

Term (start date) 2019-2021	
Principal Investigator	Forchuk, C.
Co-Investigators	Booth, R.
Grantor	Ontario Ministry of Health and Long-Term Care
Purpose	This study will evaluate the initial implementation phase II of a plan to modernize the Homes for Special Care (HSC) program which offers housing, meals, and 24-hour staff support. The modernized program, Community Homes for Opportunity (CHO), entails changes in the services to enhance the quality of daily living, independence, and personal growth through participation in a variety of activities and programs.

Principal Investigator	Forchuk, C.

Term 2013-2015	
Co-Investigators	Martin, M., Corring, D., Mustin-Powell, J., Campbell, R., McIntosh, L., Sherman, D., Cheng, R., Srivastava, R., Ouseley, S., Edwards, B., Reiss, J., Mitchell, B.
Grantor	The Council of Academic Hospitals of Ontario (CAHO) is funding the project through their Adopting Research To Improve Care (ARTIC) program
Purpose	<p>The TDM was created to guide and support the effective discharge of mental health patients from a psychiatric hospital setting to the community. In order to successfully move the focus of care to the community, effective models of collaborative support are required. The TDM is one such model, and is based on the provision of therapeutic relationships to ensure a safety net exists for patients throughout the discharge and community reintegration processes. The TDM has two components to assist patients in the transition from hospital to community:</p> <ul style="list-style-type: none"> • Peer support from a person who has experienced a mental illness, is living successfully in the community, and has completed a peer training program. Peer support includes regular contact on a schedule that suits both parties, for the purpose of social support and learning from the experience of someone who has lived through a similar transition. • Continued staff support from a person from the hospital program (who has been identified by the patient as having a therapeutic relationship) until a therapeutic relationship has been identified with a community mental health care provider.
